

Governance Initiative Nepal

2005 Yearly Plan	Chapter: Transparency International Nepal	Q1	Q2	Q3	Q4
------------------	---	----	----	----	----

EOPU 1: Informed, Engaged and Local Demand for Accountability

More people, including women, youth, people with disabilities and socially disadvantaged groups, are actively and collectively engaged in anti-corruption work that results in increased local demand for inclusivity, accountability and transparency.

1.1 People, including women, young people, people with disabilities, and socially disadvantaged groups, actively engage in anti-corruption	Outcome: Outreach and awareness-raising among communities facilitated				
	Activity: Semi urban community outreach through on-site Visits to collect peoples' problems				
	Activity: Awareness raising of groups affiliated to local government bodies on public service delivery				
	Activity: Youth engagement in training, speeches, writings and volunteering, etc., for integrity building				
	Activity: Anti-corruption IEC, Apps and social media channel content publication and distribution				
1.2 National and local multi-stakeholder networks and strategic partnerships amplify anti-corruption actions	Outcome: TIN contribution made to networks and partnerships				
	Activity: Joint work with anti-corruption, audit agencies and parliamentary committees on integrity				
	Activity: Partnerships with traditional media sources for information dissemination				
	Activity: Partnership with investigative journalists for corruption reports				
	Activity: Networking with CSO and business bodies for promoting CSR and governance principles				
	Activity: Joint work with professionals for technical observation of govt. health and other infrastructure works				
1.3 Civil society actors take action to address the gendered impacts and experiences of corruption.	Outcome: Gendered impacts of corruption mapped and sensitized				
	Activity: Building AC policy advocacy network with single women, LGBTQ+, migrants, sexual victims, etc.				
	Activity: Awareness raising on impacts of corruption on civil, social and economic rights of women				
	Activity: Information exchange within the country and in Asia on gender corruption issues				

EOPU 2: Inclusive, Responsive, Accountable Governance Frameworks

Policies, institutions and enforcement mechanisms relating to good governance are more inclusive, transparent and accountable as a result of greater responsiveness to civic engagement and action.

2.1 Stronger accountable governance laws and policies developed with TI's and civil society input, including by groups at risk of discrimination such as women, young people, people	Outcome: Policy and legal frameworks analysed, and recommendations made				
	Activity: Evaluating gaps in the implementation of the national anti-corruption strategy and action plan				
	Activity: Providing technical input on Nepal anti-corruption laws viz a viz Uncac compatibility				

	with disabilities and socially disadvantaged groups	Activity: Submission of recommendations on procurement, service delivery, revenue, social inclusion and other good governance mechanisms				
	2.2 Independence, responsiveness and effectiveness of governance frameworks (legal & institutional) are strengthened as a result of TI-led civic engagement	Outcome: a: Evidence and information about corruption provided through research				
		Activity: Research on National Integrity System and Context analysis (NICA) and advocacy				
		Activity: Performance audits of sectoral national project/s of the government and advocacy submissions				
		Activity: HH surveys on Corruption perception and experience of the people, and publicity/advocacy				
		Outcome b: Social accountability tools designed, developed and implemented				
		Activity: Organizing/facilitating joint Public hearings at 3-tier governmental offices				
		Activity: Citizen report cards on digitalized services offered by public offices based on exit surveys				
		Activity: Facilitating citizens' knowledge on budgets and expenditure of Metropolitan cities				
	2.3 Improved political integrity standards with TI's input, including: good governance and accountability; independent oversight; and checks and balances	Outcome: Actions targeted to improve political integrity				
		Activity: Election Appeals targeting voters, electoral bodies, parties for clean politics				
		Activity: Evaluating political party financial disclosures and constituency development funds				
		Activity: Advocating standards on conflicts of interest and codes for ministerial nominees				
		Activity: Generating parliamentary watch data for voter education				
	2.4 Strengthened redress mechanisms implemented as a result of TI's and civil society work	Outcome: Redressal of public complaints				
		Activity: Operating ALAC services to provide free legal and procedural advice related to corruption cases				
		Activity: Initiating steps and means to redress complaints at relevant governmental agencies and the ACA				
		Activity: Building data/cases as well as reports for advocacy of policy and procedure related redress				
EOPO 3 Resilient, Independent and Active Civil Society Anti-Corruption Voice in the region						
TI Movement enhanced capacity to inclusively influence both state and non state anti-corruption actors						
(Enhanced sustainability of the TIN movement through resource mobilization, security, and risk management, as well as improved inclusivity and communications)						
3.2 Strengthened TI chapter	Outcome: Efforts made to diversify resources					
	Activity: Review TIN's current strategic plan and develop a new strategic plan 2028					
	Activity: Review outcomes of TIN projects and develop new project proposals					

capacity to catalyse anti corruption voices and coalitions at national and local levels

Activity: Organize local donor meets on TIN Strategy and Projects to raise resources and cooperation				
Outcome: Messages of integrity communicated				
Activity: Circulate TIN voice, messages and appeals through traditional and new media				
Activity: Broadcast Nepal's anti-corruption context and TIN work-related documentary				
Activity: Publish and distribute TIN Strategic Plan, AC Handbook, etc. to stakeholders				

3.3 A more resilient network of TI chapters with strengthened policy and practice relating to safety, inclusivity, risk management, and sustainability

Outcome: Measures undertaken to enhance security and safety				
Activity: Engage with federal and provincial government security agencies to share experiences				
Activity: Secure TIN domain, website, and digital platforms from security and cyber threats				
Activity: Install safety and security systems at TIN office and in equipment and vehicle				
Activity: Arrange safety schemes for TIN staffs during outreach, disaster, and pandemic situation				
Outcome: Measures undertaken to manage risks				
Activity: Engage with NIS institutions and NGO regulatory bodies for improved relations				
Activity: Strengthen network with NGOs affiliated with TIN for a consolidated voice				
Activity: Engage with journalists and media owners to support TIN views and voice				
Outcome: Approaches made towards building inclusivity				
Activity: Mobilize multi-stakeholders, including the vulnerable and youth, in anti-corruption day				
Activity: Build rapport between TIN board, members, staff and consultants for voluntarism				
Activity: Engage with the private sector to channel CSR fund to support inclusive governance actions				

Please provide details of any planned activities intended to increase the participation of women, people with disabilities, and other socially disadvantaged groups in anti-corruption efforts

Women: TI Nepal will foster coordination and collaboration with women's organizations and relevant national networks. The efforts will focus on enhancing women's participation and improving project outreach to women through various channels, including media.

People with disabilities: TI Nepal will organize events in collaboration with the umbrella bodies of the disabled and organizations dedicated to disability advocacy. In coalition with local government, TIN will aim to enhance the participation of persons with disabilities in outreach.

Other socially disadvantaged groups (please specify): TI Nepal will design targeted programs aimed at engaging low-income groups, marginalized communities, youth, senior citizens, and disadvantaged populations in semi-urban and rural areas, in coordination with local
